# Passenger Lift

- ▶ Gone are the days when Passenger elevators were confined to high rise buildings. Nowadays every society building, malls and offices have opted for passenger lifts for the beneficiary factor of comfort or the necessary factor of old age, the latter being prominent.
- ▶ We offer a wide range of passenger elevators, which is fabricated using high-quality raw material. **Being highly durable and technically sound with long service life**, our range finds application in various sectors such as offices, shopping malls, housing societies, restaurants and hotels.
- ▶ A machine Room is required for this type of elevator.

# MACHINE ROOM LESS LIFT (MRL LIFT)

- ▶ Don't want a machine room or no provisions for machine room?? We got the best solution for you.

## MACHINE ROOM LESS LIFT/ ELEVATOR: (MRL LIFT)

- ▶ We manufacture Machine Room Less Lifts or MRL Lifts. With the latest technologies, it is now possible to install a passenger lift without a Machine room.
- ▶ **The product being highly durable and safe in operation is opted by residential buildings, bungalows, malls and offices wherein **there is no need for a machine room** or it avoids the cost to build one.**
- ▶ Extremely safe and with the latest technologies incorporated, it is a desired product which **ensures long run and less maintenance.**

# HOME LIFTS/ BUNGALOW LIFTS/ DUPLEX FLAT LIFTS

- ▶ Home Lifts are becoming more and more popular nowadays.
- ▶ It is the ideal solution for elderly and impaired mobility persons which can finally move autonomously and free from stairs. Our clients can avail these lifts with various safety features as well as automatic controls.
- ▶ These products are widely appreciated for their long lasting nature and available for villas, bungalows and duplex flats.
- ▶ Our Lifts are designed with precision and we provide variety of stylish finishes and safe cum supreme mechanism (imported powerpacks) to ensure smooth operation and high efficiency.

## GOODS LIFT

- ▶ In order to be used for various scale lifting and material handling requirements, we provide our clients with an exclusive range of goods cage lift.
- ▶ These precision made lifts are guided by a hoist and various push buttons with limit switches that are properly interlocked.
- ▶ Fitted with or without shutters, these heavy duty goods lift / cage lifts caters to the needs of diverse industries.

## GOODS CUM PASSENGER LIFT

- ▶ we have a huge gamut of precision engineered lifts that can **easily fulfil movement requirement** of multi storied buildings.
- ▶ These goods cum passenger elevators **have high capacity** that can accommodate large number of people/Goods without affecting its operation.

# DUMBWAITERS/ KITCHEN LIFTS

- ▶ For businesses/residential purposes our dumb waiters save time hauling packages & Items between multiple stories.
- ▶ For multi-story restaurants our Restaurant/Kitchen lifts save time transporting food from kitchen to dining area.
- ▶ Our unique electric dumb waiter design reduces approximately 80% of labour and adds value to your residence. It increases productivity and decreases the strain on your workforce.
- ▶ We provide a complete line of standard and custom residential and industrial dumb waiters for home or industry to suit your needs.

# HYDRAULIC LIFTS

- ▶ A hydraulic Lift is suitable for buildings which have a travel height of upto 20 meters or below.
- ▶ The mechanism is simple and the maintenance is low and the operation is smooth. The ideal elevator for small rise industrial buildings/ Showrooms, offices and Go-downs.
- ▶ The desirable feature of this lift is that it consumes power only when lifting you up and zero power when coming down. And, it doesn't require a machine room!! How awesome is that!! Only a small space is used for accommodating the power-pack and control panel.
- ▶ We are happy to inform you that we manufacture and install hydraulic lifts which can offer you long service life and trouble free maintenance.

← Hydraulic Piston and mast

A small space to ———→  
accommodate  
control panel and  
power pack

# TYPES OF HYDRAULIC LIFT

- ▶ **Hydraulic Passenger Lift** : A regular passenger lift with a hydraulic mechanism used for lifting. Strictly for passengers.
- ▶ **Hydraulic Twin Mast** : A hydraulic Lift with two positioned pistons for lifting facilitates larger capacity up to 5 Ton which can be used for Goods/Freight Lifting.
- ▶ **Hydraulic Scissor Lift**: A hydraulic Scissor lift has a hydraulic lifting mechanism which resembles that of a scissor operation. It is often referred to as a platform lift.

# HOSPITAL LIFTS/ STRETCHER LIFTS

- ▶ Mainly used for carrying patients in hospitals, our range is spacious enough to accommodate various stretchers and patients in wheelchair.
- ▶ Backed up with emergency safety control features and available in various sizes and dimensions, these can be customized as per the client's specifications.
- ▶ We manufacture hospital lifts/ stretcher lifts ensuring safety under the able guidance of our experienced professionals.
- ▶ Widely acclaimed for optimum performance and long service life. We are just a call away for emergency breakdowns

# CAR LIFT/ PARKING LIFT

- ▶ Car / Vehicle Lift is extensively used for the easy movement of cars and vehicles across the floors of buildings, malls, hotels, hospitals and showrooms.
- ▶ Car Lifts are a significant part of high-rise car parking.
- ▶ Mainly used for parking non-commercial vehicles, our range finds application in private garages, apartments, complexes, car showrooms and service stations.

# SERVICES

- ▶ **NEW LIFTS** : Require a new lift? Look No further. We are leading manufacturer and suppliers of commercial as well as residential elevators. We deliver you the best product and guarantee you satisfaction after all a word of mouth works wonders for us.

- ▶ **MODERNIZATION OF LIFTS** : Even Lifts get out-dated and need an update to keep up with the modern trends. If you already own a Lift and want an upgrade, Modernization is the best alternative\* instead of going for a new Lift which will be economical as well as rewarding.

We provide a variety of options for modernizing your old lifts. Be it the incorporation of latest control technologies or the appearance of the Lift. We assure you total satisfaction and the best lift experience.

\*Modernization Jobs will be recommended based on our engineer's visit & pre-inspection of lifts at site.

- ▶ **ANNUAL MAINTENANCE CONTRACT(AMC)**: We enter into AMCs which will ensure periodical servicing and maintenance of lifts to keep the lift in safe working order. We enter AMCs under the following:\*\*

1. Preventive Maintenance

2. Semi Comprehensive

3. Comprehensive

- 
- ▶ OUR PHILOSOPHY: Elevators should be built for you and your needs. Your touch is what adds life to the elevator and we give our best effort to customize our product according to your needs and deliver you smiles through dedication and quality.
  - ▶ OUR WORKFORCE : Comprises of skilled and experienced professionals, who work with dedication to achieve customer satisfaction by ensuring that all products are of highest quality and perfect in operation. Further, we also offer facility of customization to our clients, which allows us to manufacture products as per specifications provided by them.
  - ▶ VARIETY OF PRODUCTS : We offer several products and through our product we have developed a clientele of which we are very proud. We offer hydraulic, traction, machine room less, scissor and many more lifts to cater to your needs. You ask and we deliver.!!

*“No matter how you are feeling  
or what the situation is,  
Get dressed & Present yourself.”*
